Item 2539 Provisions:

NOTE 11: VALUATION, RATES CONDITIONED ON:

- A. Rates published in this Item are based on a released value not exceeding 10 cents per pound (NMFC 100240, Sub. 1). The release, which shall be deemed to relate to each article separately and not to the shipment as a whole, must be entered on the shipping order and bill of lading as specified in the Governing Classification.
- B. Should the shipper choose to ship at a released value exceeding 10 cents per pound, such value must be entered on the shipping order and bill of lading as specified in paragraph A, and will be subject to the following provisions:

RELEASE VALUE	PERCENT OF RATE TO BE APPLIED
Exceeding 10 cents but not exceeding 20 cents per pound	125%
Exceeding 20 cents but not exceeding 50 cents per pound	150%
Exceeding 50 cents but not exceeding \$2.00 per pound	200%
Exceeding \$2.00 but not exceeding \$5.00 per pound	300%

(Application - multiply the applicable tariff rate for the shipment which would apply at and not exceeding 10 cents per pound by the percentage given to obtain the rate to be charged for such higher released value.)

- C. If shipper fails to state a released value on the shipping order or bill of lading, or designates a value exceeding \$5.00 per pound, shipment will not be accepted, but if shipment is inadvertently accepted, it will be considered as being released at the lowest valuation provided and shipment will move and be charged for, on the basis of such limitation of liability.

NOTE 12: Household Goods Loaded to Utility Trailers from the Port of Tacoma to the Port of Anchorage

Charges for household goods loaded to utility trailers will be based on the overall length of the utility trailer (including the tongue). If the utility trailer is loaded with commodities other than household goods, exceeds 20' OAL (including the tongue) or if the utility trailer is loaded to a trailer, the freight will be charged at otherwise applicable rates as described in Item 2500 of Tariff STB TOTE 600 SERIES.

NOTE 13: Drop Frame Trailers:

Drop Frame trailers do not include trailers with "belly boxes" or "under body boxes" utilized for the purpose of stowing packing materials.
